Judge Seth Crawford
Crook County Court
203 NE Court Street
Prineville, Or 97754

**Re: Crook County Record Number: 217-23-000192-PLNG & 217-23-000193-PLNG;
Legislative Amendment by RMG Holdings, LLC(the "Applicant")**

Dear Judge Crawford, Commissioner Brummer and Commissioner Barney,

I am writing on behalf of RMG Holdings, LLC, the Applicant for the above-referenced legislative amendment.

The Crook County Court(the "Court")opened the public hearing on June 7, 2023 on this legislative amendment after proper public notice as required by applicable laws. No one has testified in opposition to this amendment which will make the Crook County Comprehensive Plan and the Crook County Zoning ordinance consistent with state law. The Oregon Department of Land Conservation and Development("DLCD")has submitted a letter to the County confirming that the County is properly processing the amendment under ORS 197.612.

The County Court continued the public hearing from June 7 to June 21 by announcing the public hearing continuance at the June 7 public hearing. No additional public notice for the continued public hearing is required because of the announcement at the June 7 public hearing.

The Applicant respectfully requests that the County Court hold the continued public hearing and following any public testimony, close the public hearing, and adopt the ordinance on first and second readings.

The Applicant's representative, Mr. Jerry Jones, will be present at the continued public hearing to answer any questions from the County Court or the public.

I have asked Mr. VanVactor to place this letter in the official Planning Department file for this application and before the County Court prior to the continued public hearing.

Very truly yours,

Michael C Robinson,

Pahlisch Homes, Inc

Director of Government and Legal Affairs
