AGENDA ITEM REQUEST

Date:

7/2/2024

Meeting date desired:

7/10/2024

Subject:

Request to have Crook County Commissioners write a letter on behalf of Crook County residents asking the Governor and State Legislature to begin border talks.

Background and policy implications:

Changing a state border can only be done by the state legislature. Therefore, in light of the passing of measure 7-86 by Crook County residents in May of 2024, and the lack of action by the Oregon Legislature, Crook County commissioners can advocate for citizen wishes by communicating their desire to see the legislature take up the issue.

Budget/fiscal impacts:

RE: "Move Oregon's Border"

Bill Harvey
Commission Chair
bharvey@bakercounty.org

Dear Senator Findley and Representative Owens,

Mark Bennett
Commissioner
mbennett@bakercounty.org

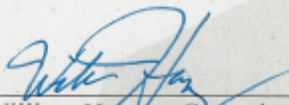

The Baker County Board of Commissioners support the growing movement to continue to explore the possibility of, "Move Oregon's Border". The Baker County Commissioners greatly appreciate your efforts in the Oregon Legislature to address the issues that impact Eastern Oregon; however, your voice is in the minority. We feel that despite your best efforts, there are still too many issues that are passing through the legislature that are not only contradictory to our way of life, but that are severely detrimental to the livelihood of our citizens.

Bruce A. Nichols
Commissioner
bnichols@bakercounty.org

We feel that our core values and way of life are in better alignment with conservative values that are represented by Idaho. The Eastern side of the State's philosophy on governing is drastically different than that of Western Oregon. However, Eastern Oregon and Idaho, in general, have much more in common. Specifically, in terms of economics, use of natural resources, agriculture, social and legal concerns, political alignment and conservative values.

In closing, we thank you again for your continued hard work at the legislative level and we respectfully ask that you join in talks with the Idaho Legislature in discussing the possibility of "Moving Oregon's Border".

BAKER COUNTY BOARD OF COMMISSIONERS

William Harvey, Commission Chair

Mark E. Bennett, Commissioner

Bruce A. Nichols, Commissioner

Lake County Board of Commissioners

Barry Shullanberger, Vice Chair
James Williams, Commissioner
Mark Albertson, Chair

Dear Senator Findley and Representative Owens,

There is more and more community support for "Move Oregon's Border." Now eight Eastern Oregon Counties have joined the movement and Klamath, and Douglas Counties are voting on it in the May election. Also, Curry, Josephine, Morrow and Umatilla counties have active petitions. At first, we were doubting the possibility of this ever going forward. The Lake County Commissioners don't have the same sentiments anymore. Although the journey is steep and hard, we believe it can be done and here's why we think that:

- 1.) Idaho Legislature is interested in making it happen and we are in the process of meeting them in the near future.
- 2.) Oregon has 14 Counties actively pursuing the possibility of moving the border, with more counties looking at it.
- 3.) There was a recent poll done by Survey USA which was conducted in Northwest Oregon (not Eastern Oregon) with two questions of interest.
 - Should Oregon's State Government look into what causes of discontent In Eastern and Southern Oregon, then consider how the State government should respond? 81% yes, 10% no and 9% not sure.
 - Should Oregon's State Government look into what the effect on Oregon would be if Oregon counties became part of Idaho and how the transition could be done smoothly? 68% yes, 20% no, 12% not sure.

Even Northwestern Oregon is onboard with the idea of "moving the border," and at the very least overwhelmingly want us to find the cause and a solution for the overwhelming discontent.

With this grassroots group growing rapidly we humbly ask you to join in talks with the Idaho Legislature discussing the possibility of "Moving Oregon's Border."

We thank you for your continued work that you do for Eastern Oregon and don't grow weary for doing good.

Sincerely,

Barry Shullanberger
Vice Chair

James Williams
Commissioner

Mark Albertson
Chair

**RE: Price Quotation for the Crook County Detention Center
VMS systems upgrade
Prine, OR**

Video Surveillance System upgrade

Summary of Scope:

This Proposal is for upgrade of the existing Pelco Video Expert System to a Avigilon Video management system. This approach is the migration plan from Pelco to Avigilon which are both under the Motorola umbrella. Also, with this upgrade the security controls computers will be upgraded as they are end of life expectancy and to be able to maintain the integrated camera callup functionality.

This proposal also includes a new VMS server, VMS workstation computers, and security control computers with 24" touch screen monitors. All of the existing cameras and all viewing monitors will remain in place and be reused to help keep costs down. This quotation does not include any new cable as the existing cat6 cable can be reused for the updated system.

The security controls computer portion of the upgrade will include Windows 11 computers, Indusoft licenses 2020 R2 license. The station that are going to be upgraded are as follows: MC1, MC2, and SMC (event Logging).

Installation Plan:

This installation plan is laid out to help keep the jail operating as smooth as possible. There is going to be some periods of time when the video system is going to be offline. Accurate Controls will coordinate with the facility staff before any of these offline periods take place.

The first phase of the installation plan is going to involve creating a list of all devices that do not work or have issues.

The second phase of this installation will include replacing the existing security control computers and touchscreen monitors. These stations can be replaced in any order so replacement times can be setup for more convenient times during the day.

Phase three of this plan will include the demolition and installation of the headend equipment in the existing cabinets. At this time the VMS systems will be down. Coordination with the facility on their practices will be done before this takes place.

Phase four of the installation will involve adding the new Video application server, to the main security equipment room. Also, at this time the new video viewing stations will be installed at the control room locations.

The Fifth phase of the installation plan includes testing of the new systems for functionality.

The last phase of this installation plan is to have a shake down period to find and remedy any issues as well as to have owner/ operator training classes.

**RE: Price Quotation for the Crook County Detention Center
VMS systems upgrade
Prine, OR**

Video Surveillance System upgrade

Summary of Scope:

This Proposal is for upgrade of the existing Pelco Video Expert System to a Hanwha Video management system. The new Hanwha system will be easier to maintain as the manufacturer currently does not have a software maintenance agreement for the customer to purchase. The customer will not be forced to buy a software maintenance agreement to receive software updates and technical support with the Hanwha system. Also, with this upgrade the security controls computers will be upgraded as they are end of life expectancy and to be able to maintain the integrated camera callup functionality.

This proposal also includes a new VMS server, VMS workstation computers, and security control computers with 24" touch screen monitors.
