Subject: Greenbar (please post)

The brand new wildfire rating map (exhibit 1). Shows our home on View Top in highest fire risk and below us it shows the Greenbar site(s) also in Highest fire risk

Exhibit 1

Exhibit 2 is the active Bartel's site blasting from our vantage point. We are in the "impact zone" yet never received notice of this application because we weren't "required" to be.

Exhibit 2
