Subject: No solar

I want my opinion known that we should not ruin the beauty, liveability, and small town charm that is/was Prineville.

We sold out to the data farms let's learn our lesson and not go any further with this ugly, land polluting farce of green energy and solar.

We need to do better and be better. Make Prineville a wonderful place to live and not some ugly weigh station for electricity going elsewhere.

Thank you for your consideration.

Janis McGarvey
