  - Proposer's Certificate
  - Fee Schedule
  - Sample Contract with Exhibits
  - Acknowledgement of Insurance Requirements

Where are these attachments located?

**Answer**: An updated RFP including Attachment #4, Fee Schedule, has been reuploaded to the county website for this RFP and is attached to this Addendum.

2) **Question**: The first item listed under the Required Submittals is a "Proposal packet, filled in and signed". Please confirm that the "proposal packet" is referencing the main RFP proposal document with the signature page located under section 9 (Proposer's Information), or if there is a separate document.

**Answer**: Yes, this references the main RFP proposal document with the signature page. Also, fill in the information on the first page behind the cover.

3) **Question**: Does Crook County want or need the furniture to be available through a GPO? If so, what GPOs is Crook County a member of?

Answer: Crook County has no preference, but is a member of OregonBuys and Sourcewell.

4) Question: Is a furniture budget range based on the furniture schedule acceptable for gauging pricing?

**Answer**: Yes, a "low, mid, high" range for pricing would be acceptable for budgeting in this RFP process as specific products will be identified after contract awarding.

INTEGRITY • COLLABORATION • SOCIALLY RESPONSIBLE

5) Question: Can there be an extension on the due date? Is it possible to have an extension to 11/30?

**Answer**: The submission date will stay as noted in the RFP. The intent is to award based on qualifications, then specific furniture will be identified through working with client/users.

#### **Furniture Questions**

6) **Question**: Will there be an opportunity to change some things once awarded, after meeting in person with the end users?

**Answer**: Yes, products will be fully identified and vetted after the vendor is selected. A qualification bid including low, mid, and high options is appropriate.

7) **Question**: What are desired dimensions for Desk D1?

**Answer**: Specific dimensions of furniture will be identified with client after award of FFE contract. For purposes of competitive bidding, assume a 72" x 72" overall desk size.

8) Question: Regarding ST3, what are the desired height and width of the bookcase?

**Answer**: Specific dimensions of furniture will be identified with client after award of FFE contract. For purposes of competitive bidding, assume a bookcase with dimensions of 36"W x 16"D x 60" H.

9) **Question**: Regarding ST7, how tall should the storage unit be? Should these units have open shelves or doors?

**Answer**: Assume for bidding they should be 72" tall, open shelves.

10) Question: Regarding D2 and D3, will power be provided through power poles or from floor boxes?

**Answer**: There will be floor boxes provided in open offices (or against wall where desks are identified by the wall).

11) **Question**: Regarding MW1, should this be a 78"H systems furniture panel solution (available with a sliding door), or floor to ceiling prefabricated architectural walls solution? If architectural walls product, please provide ceiling height and type.

**Answer**: For purposes of bidding, assume floor to ceiling prefabricated wall (ceiling height of 10 ft).

12) **Question**: Regarding T7, what are the power/data needs in the surface of the table?

**Answer**: The Attorney tables, T7, will require power and data which will be accessed through floor boxes below tables. Assume 4 outlets for power through furniture grommets.

13) Question: Is there a CAD file available? We can work with a PDF but can be more accurate with a CAD.

INTEGRITY • COLLABORATION • SOCIALLY RESPONSIBLE

**Answer**: We will provide a CAD file to the awarded vendor.

14) **Question**: For the areas where there are paneled workstations, what will be the power source – is it in the floor, or does power need to be pulled from the ceiling or wall (when stations are against the wall).

**Answer**: Open offices will include floor boxes for power & data (Rooms 136, 240, & 326), and other areas will have power and data at the walls.

15) **Question**: If there is not floor power, are we to provide an electrician for the install of power feeds or would that be handled differently or under a different contract?

**Answer**: There will be power provided and installed as a part of construction of the building, not as part of the FFE contract.

18) Question: Is moving other items – files, papers, computers, etc... - a part of this contract?

**Answer**: Existing furniture and equipment will be moved by the Client and Department staff and should not be a part of the FFE contract.

19) **Question**: Would you consider doing sit/stands in each office/workstation to allow maximum flexibility for the users? The trend in office furniture currently is to do sit/stands to accommodate ADA requirements or people of varying heights.

**Answer**: The only desks identified for sit/stand desks at this time are desks D4 & D5, for purposes of equal bidding, assume only those desks be bid as sit/stand desks at this time.

20) **Question**: Is there a need for any ergonomic accessories such as monitor arms, keyboard trays, desk lamps?

**Answer**: No, these items will be provided by the County.

21) **Question**: would it be possible to get the FF&E schedule in an Excel format to make it easier to input the information as requested in the RFP?

INTEGRITY • COLLABORATION • SOCIALLY RESPONSIBLE

Failure of a prospective proposer to respond to timely noticed addenda in their proposal may cause a proposal to be rejected as non-responsive. Each proposer shall ascertain prior to submitting a proposal that the proposer has received all addenda issued and affirmatively mark receipt of the addenda in section 9, Proposer's Information.

#### F. Prevailing Wage Rates and Bid Security

This is **not** a public work contract subject to State Prevailing Wage Rate or the Federal Prevailing Rate of Wage required under the Davis-Bacon Act (40 USC § 3141 et seq.) No bid security is required for this solicitation.

#### 2. SELECTION PROCESS

#### A. Selection Process Overview

All proposals submitted by the RFP due date will be subject to a standard review process. An initial review of each proposal will be conducted to determine if it is complete, in the required format, and in compliance with all requirements of this RFP. Failure to meet all of the requirements may result in a rejected proposal. Each proposal that passes the initial review will be evaluated and scored by a pre-selected Evaluation Committee, which will evaluate and score each proposal on a 100-point scale, using the assigned weights listed below.

The process may include a panel interview with the Evaluation Committee. The County also reserves the right to investigate and consider the references and past performance of any Proposer with respect to such things as provision of similar services and compliance with contractual obligations. The County may postpone the award or execution of the Contract after announcement of the notice of intent to award in order to complete its investigation. Both interviews and information obtained from references may affect the proposal's ranking in the selection process. The Evaluation Committee will make a recommendation to the County Court, who will select the proposal it determines is the most advantageous to the County based on the criteria in the RFP. The scoring criteria will be as follows:

//

Evaluation Criteria:	Point Value:
Proposal preparation and requirements	55
Cost	35
References	10
Total:	100 Points

#### **B.** Schedule for Selection

The milestones for the selection process are set forth below. The dates are approximate but will be followed to the extent reasonably possible. This requirement is intended to eliminate, by permitting corrections prior to the submission of proposals, the waste of resources and delay that may result from the untimely detection of errors in the RFP, possible protests, and possible rejection of proposals. The County will consider each protest or request, amend the RFP accordingly, if warranted, and will notify in writing each prospective proposer of any change. ## Attachment 5 - Acknowledgement of Insurance Requirements

Contractor shall at all times maintain in force at Contractor's expense, each insurance noted below. Insurance coverage must apply on a primary or non-contributory basis. All insurance policies, except Professional Liability, shall be written on an occurrence basis and be in effect for the term of the contract. Policies written on a "claims made" basis must be approved and authorized by Crook County.

**Workers Compensation** insurance in compliance with ORS 656.017, requiring contractor and all subcontractors to provide workers' compensation coverage for all subject workers, or provide certification of exempt status. Worker's Compensation Insurance to cover claims made under Worker's Compensation, disability benefit or any other employee benefit laws, including statutory limits in any state of operation with Coverage B Employer's Liability coverage all at the statutory limits. In the absence of statutory limits, the limits of said Employers Liability coverage shall be not less than \$500,000 each accident, disease, and each employee. This insurance must be endorsed with a waiver of subrogation endorsement, waiving the insured's right of subrogation against County.

**Professional Liability** insurance with an occurrence combined single limit of not less than:

Per Occurrence limit: Annual Aggregate limit

\$1,000,000 \$2,000,000

Professional Liability insurance covers damages caused by error, omission, or negligent acts related to professional services provided under the contract. The policy must provide extended reporting period coverage, sometimes referred to as "tail coverage" for claims made within two years after the contract work is completed. **Required by County** 

**Commercial General Liability** insurance with a combined single limit of not less than:

Per Single Claimant and Incident All Claimants Arising from Single Incident

\$1,000,000 \$2,000,000

Commercial General Liability insurance includes coverage for personal injury, bodily injury, advertising injury, property damage, premises, operations, products, completed operations and contractual liability. The insurance coverages provided for herein must be endorsed as primary and non-contributory to any insurance of County, its officers, employees, or agents. Each such policy obtained by contractor shall provide that the insurer shall defend any suit against the named insured and the additional insureds, their officers, agents, or employees, even if such suit is frivolous or fraudulent. Such insurance shall provide County with the right, but not the obligation, to engage its own attorney for the purpose of defending any legal action against County, its officers, agents, or employees, and that contractor shall indemnify County for costs and expenses, including reasonable attorneys' fees, incurred or arising out of the defense of such action. The policy shall be endorsed to name Crook County, and its officers, agents, employees, and volunteers as an additional insured. The additional insured endorsement shall not include declarations that reduce any per occurrence or aggregate insurance limit. The contractor shall provide additional coverage based on any outstanding claim(s) made against policy limits to ensure that minimum insurance limits required by the County are maintained. Construction contracts may include aggregate limits that apply on a "per location" or "per project" basis. The additional insurance protection shall extend equal protection to County as to contractor or subcontractors and shall not be limited to vicarious liability only or any similar limitation. To the extent any aspect of this Paragraph shall be deemed unenforceable,

then the additional insurance protection to County shall be narrowed to the maximum amount of protection allowed by law. **Required by County** 

**Automobile Liability** insurance with a combined single limit of not less than: Per Occurrence \$1,000,000

Automobile Liability insurance includes coverage for bodily injury and property damage resulting from operation of a motor vehicle. Commercial Automobile Liability Insurance shall provide coverage for any motor vehicle (symbol 1 on some insurance certificates) driven by or on behalf of Contractor during the course of providing services under this contract. Commercial Automobile Liability is required for contractors that own business vehicles registered to the business. Examples include: plumbers, electricians, or construction contractors. An Example of an acceptable personal automobile policy is a contractor who is a sole proprietor that does not own vehicles registered to the business. **Required by County** 

Additional Requirements. Contractor shall pay all deductibles and self-insured retentions. A cross-liability clause or separation of insured's condition must be included in all commercial general liability policies required by the contract. Contractor's coverage will be primary in the event of loss.

Certificate of Insurance Required. Contractor shall furnish a current Certificate of Insurance to the County with the signed contract. Contractor shall notify the County in writing at least thirty (30) days in advance of any cancellation, termination, material change, or reduction of limits of the insurance coverage. The Certificate shall also state the deductible or, if applicable, the self-insured retention level. Contractor shall be responsible for any deductible or self-insured retention.

I certify that I acknowledge the above insurance information as a requirement to enter into a contract with Crook County. I also certify that I carry the required insurance limits as stated in this Exhibit or can, if selected as a result of this RFP, obtain the required insurance and provide proof of the required insurance certificates prior to signature and execution of the contract.
