To whom it may concern.

I am writing this in concern of the gas station mini Mart that is proposed on said lot by Richard bartels'.

I have built a home in Cimarron hills address 6811 Southeast Riverdance road. Which is right behind said lot of construction. We bought this property and built this home in Cimarron hills so we would have the abundance views and the privilege of the out-of-town feel. If the construction goes forward My views will be definitely blocked. Then we will have the abundance of people that don't belong in our neighborhood for whatever the reason broke down looking for help or just places to park the cars on our street that is very private. I feel we are going to lose what we moved to the area for. Many wildlife opportunities and less people. I am not sure how much we will need that accommodation in our neighborhood which I will have no need to use. Please help us conserve what we have moved out of town for.

Thanks

Scott E Gilbert
