Subject: Knife River Concrete in Crook County

Knife River is a key supplier of concrete for several large projects in Crook County, including the Facebook and Apple data center projects. Knife River's reliability and capacity to provide large volumes of concrete meeting project specifications is critical to success of these projects. Pence/Kelly Concrete and all involved in the projects, rely on Knife River's ability to consistently deliver these high volumes on concrete.

To whom it may concern, please allow for the expansion of Knife River's capacity so that these multiple large projects are not derailed in time, schedule, or cost. The scale and scope of these projects would make for substantial impacts to all involved if they were to occur.

Thank you,

A handwritten signature in blue ink that reads 'Nat Taylor'.
