Trying to place a city store out in the country is not a good fit. The traffic on Juniper Canyon is already a huge problem. People have moved to the country for a reason. If we wanted to be by a store, and more traffic, we would have moved to town. It is not for convenience. We have Juniper Pantry for convenience. We go to town to get groceries and supplies. This is a bad all round idea. I have never seen a store placed out in the middle of houses in the country. Seems to be a money grab by a few. It is going to ruin what we have bought out land for. And remember, Canyon is one way in and one way out. We do not need more traffic up here. It's not HWY 97.
