Subject: Pinecrest Ridge LLV 10 pots Request

RECEIVED

OCT 21 2024

Crook County
Community Development

Sent from my **Public Hearing**

Regarding Pinecrest Ridge LLC has applied for a 10 lot subdivision on the North end of Pinecrest Road. That rim rock has break away sections a long that whole strip. There are lots of Jagged and tangled rock to jet caught up in that have broken away from what is now called the rim of the cliff wall. Before the owners sell lots, they need to have put up a Danger sign and s 3- or 4-foot border line at the 150-foot setback for the safety of children, neighbors and all the people that will use the area as a walking path and will be watching what the home owners are doing instead of what they themselves are doing.

Please try to market a trip up to see how dangerous that rim rock is. Nothing will survive That fall! I will pick up their garbage and whatever else the wind blows around.
Thank you for your time,

Loni Eastman
