Subject: Regarding Cross Trails Resort Application

CROOK COUNTY
JUN 21 2022
PLANNING DEPT

Howdy , I want to address the sewage treatment plant and water treatment plant area where the Effluents will be spread over the irrigated meadow .

When you have Redmond sewage treatment plant come and spread the city of Redmonds Treated sewage on a field ALL Neighbors around that area have to AGREE to this !!!! Furthermore when locating a drain field and septic system it has to be 200 feet from any Irrigation Ditch of Canal too !!! COI has a Canal running right by the proposed area , has COI signed off on this location ??? It looks like locations of Housing on part of the COI irrigated areas has NOT been addressed as to removing those acres from irrigation thus affecting total numbers of acres of COI water rights on this Property for proposed water needs as detailed in this application .

Is there a Signed off approval of this sewage treatment plant and effluent discharge plan by the DEQ ??

Just looks like this application is way to Preliminary in its detailed description of operation to be approved at this stage
