Subject: Crossing Trails proposed development

CROOK COUNTY
JUN 22 2022
PLANNING DEPT

My wife and I have lived in Powell Butte for over 20 years. We came from Bend because, frankly, the city had become too congested. Our thoughts were, Bend had changed from a pretty, relaxed city to a nightmare of clogged traffic. We moved here with the dream that we could retire in a rural community. We fell in love with the requirement of a five acre plot.

I have been a Project Planner in Southern California and I know the kind of concessions builders made to get their multi million dollar projects built. New traffic lights, wider intersections, speed restrictions, etc. and that was in an area already loaded with traffic. Today, we have to wait and, often risk our lives to cross hiway 126 west bound. The commuter traffic from Prineville's new projects such as Apple and others has created very hazardous driving conditions. I have read several of the letters already submitted to you and totally agree with the concerns such as water availability, etc.

I would like to join their voices in strongly opposing the Crossing Trails development.
