PLANNING DEPT

Please include my statement in the public record. Thank you!

Opposition to the Crossing Trails/Subdivision

Date: July 5th, 2022

To: The Crook County Planning Commission

Regarding: The proposed Crossing Trail Residential Subdivision.

This is NOT the original Crossing Trails DESTINATION RESORT plan as it was originally okay by the Land Use Board and/or the Crook County Planning Commission back in 2008. It is a Residential Subdivision and they are NOT ALLOWED on EFU land.

Crook County voted after this one was approved in 2008, that we wanted NO MORE Destination Resorts in Crook County and it was passed.

This is a new residential subdivision that is masquerading as The Crossing Trails Destination Resort. It has to reapply to the County for approval and the People of Crook County WILL NOT let that happen. You will have a county fight on your hands that will make the first opposition to this Crossing Trails Resort look like child's play.

Water is a main issue for everyone here in PB with wells needing to be dug deeper as the drought goes on. Maybe we should be looking into how much water Facebook/Apple is actually using PER DAY. Those numbers will surely be staggering as they are pumping out our ground reserves.

This current plan has to reapply and it will NOT FLY!!

Warning...we maybe old but we VOTE!!!!
