Good afternoon,

My name is Ed Howard and I am writing to notify the Crook County planning department that I strongly object to the development of the Crossing Trails destination resort.

As a life long resident of Prineville I am deeply disappointed in the entire process surrounding the implementation of the Crossing Trails Destination Resort. It appears that the proper procedures and regulations that all other developments must adhere to have not been followed. This includes permits lapsing and still being allowed to move forward, special considerations being made for this one development without regards to due process. In addition to these very serious concerns there is also the matter of the impact that increased traffic will have. I have not seen anywhere that a plan has been made to mitigate the already extreme congestion on the new roundabout or the access from Crestview Rd (Where I live) or the O'Neil Hwy. These are extremely dangerous intersections now with the addition of these homes I cannot begin to imagine how dangerous these will become. I strongly urge you to revisit and deny the application for this resort as quickly as possible. Thank you for your attention to this matter. Have a great day.

Eddy Howard
