

OPPOSITION TO THE CROSSING TRAILS/SUBDIVISION

Date: July 6, 2022

Re: The proposed Crossing Trail Residential Subdivision

CROOK COUNTY

PLANNING DEPT

We do not need more traffic on this farming side of the Powell Butte Community. We already have enough traffic congestion due to Facebook and Apple.

PLUS we are already struggling with the water levels in our area. In addition, what about sewer systems? The Powell Butte farming community cannot sustain another residential subdivision and still maintain our rural way of life.

Please do not let this proposal go through!!! Crook County and Powell Butte farmers are already having enough problems ... this will only exacerbate the issue.

Sincerely,
