Subject: Proposed 580 acre resort parrish lane & wiley road powell butte

Hello my name is Spencer Brown, we have lived here in Powell butte on big sky rd for almost 25 years. In that time we have seen many changes. The road infrastructure in powell butte is for rural agriculture use and the change's of seeing the traffic in passed 10 years especially from facebook and speeding and the road rally mentality is making the roads unsafe. This resort not only would increase the traffic on parrish and other near by road but to exit on to hwy 126 would result in many accidents would increase . The water situation would be another large concern because there would larger and deeper wells being drilled to support the resort it would make many wells go dry or be reduce in volume. This would create a large hardship on the residents of powell butte. Closing the wiley road would also put hardship many people with unnecesey expence to many local people. Overall the quality and safety of living in Powell butte would diminish dramatically .
