Hello,

I'm writing this email regarding my concerns of the proposed destination off of Wiley and Parrish road in Powell Butte. My dearest grandfather lives out there, and I feel as if I should have a say on his behalf.

Quite frankly, I believe the land should stay the way it is. We already have Brasada 10 minutes down the road, that's a resort. I don't think Powell butte needs another! There will be too much traffic, as there is plenty as it is. And the location you are suggesting to put it in, talk about wreck hazards. You put so much traffic down those roads. With todays society of road rage, there will be too many wrecks happening. No one has respect anymore for other drivers. So the minute some Californian with road rage comes up to visit the resort and sneaks up on a tractor going 15 mph. Doomed for a wreck!

Also to include you are going to pushing more farmers and ranchers out of their homes, their lives, their ownership of land. We are already skimped out as it is when it comes to farmers and ranchers in Powell Butte, let alone Central Oregon in whole.

You will simply, in the nicest way possible be pissing so many Powell Butte citizens off if going through with this plan of building.

Powell Butte does NOT need another resort. We simply need more space for farming/ranching and respect for the land that is already there and made up. It does not need to change anymore then what it has in the last several years.

Thank you for your time, I pray the Powell Butte citizens get what they are wanting and stop this nonsense. Have a great day!
