CROOK COUNTY

PLANNING DEPT

To Crook County Planning Commission,

We live just south of this planned resort, at Riggs and Stillman. We see the area from our home. This is NOT a good plan, to turn this agricultural and livestock area into a recreation area. There are 2 nearby, on the outskirts of the community, which is more than enough, without putting one in the center.

Neighbors have had to dig deeper wells to get water, farmers have been cut off at end of growing season because water shortage. How will the residents feel when they see the golf course green and watered, as their crops have been cut off?

Then there is the traffic issue. We see the accidents weekly on 126, especially at Parrish and Wiley. We see the amount of traffic and it is already difficult to get out onto 126 at certain times of the day. Inserting a left hand lane will not fix this issue alone.

Thirdly, this will change the atmosphere and culture of this farming community. We moved here to be away from the tourists, let them go to Bend, to Sunriver, Brasada and Pronghorn.

Our water and our highways cannot support this.

We cannot support this!

Please do not allow this to come to pass here. Please for the sake of our community and the people who live here, who work here and raise families.

This will in no way, benefit our community.

We are trusting that you take this seriously, considering all that this would do to our community. Thank you for serving Crook County, for imagining you were our neighbors and how you would feel about this effect on our area.

Respectfully submitted and very concerned,

Monty and Laurie Houchin
