To: Powell Butte Land Use Committee,

We have lived in Powell Butte for 27 yrs. and love it. We are very concerned that the "Crossing Trails resort" will do nothing but damage our beautiful community.

Closing Wiley Road, because of our water system we are already urged to conserve, overload our already ~~full~~ head to enter Highway 126 and an open sewage lagoon?!

Then worst of all is to take away 580 acres of prime farm land that helps feed America!

We trust you love this country as much as we do and will not allow this, so called resort, to happen.

Thank you,
Wayne & Elaine Pope
